

Blaire House *of* Tewksbury

A SENIOR LIVING COMMUNITY

**Serving the
Merrimack Valley**
*and the surrounding
communities*

Family Owned & Operated

Welcome!

The Blaire House of Tewksbury Campus was designed to meet the ever-changing needs of the aging process. Dedicated to being the premier senior living community in the Merrimack Valley, our Post-Acute Care Facility and Assisted Living Residence are available to recover from an injury or illness or when the time comes that additional care is needed.

Our Services:

- Post-Acute Care: Short Term Rehabilitation and Long-Term Care
- Respite
- In-House Hemodialysis
- Assisted Living
- Senior Transportation Services

Caring and compassion, coupled with high standards of healthcare delivery, make Blaire House of Tewksbury a perfect choice.

A Message from the Romano Family

We are familiar with the stress and upheaval that can consume families who are dealing with aging parents or loved ones. It is never easy, and what you learn in one situation may not be applicable in another. We are here to guide you through these difficult times and help you make the decision that works best for your family.

The mission at each of our communities is to make a compelling difference in the lives of our residents and participants through providing excellence and innovation in aging services. Our vision for senior care has enabled us to develop our Nursing Centers into some of the best Massachusetts has to offer. Our centers are home-like, yet modernized to ensure the highest level of care for your loved one. Our commitment to technology (computerized medical records) helps prevent re-admissions to hospitals, reducing stress to residents and families, while improving quality of care.

We consider those we serve as part of our family and are devoted to delivering quality care in every area.

Today, all the help you need to care for the people you love is in one remarkable place.

Blaire House of Tewksbury Assisted Living Residence

Blaire House of Tewksbury Assisted Living is a small family-friendly community offering the perfect blend of gracious living and the security of assistance with personal care when you need it.

Traditional Assisted Living

Our traditional assisted living program allows residents to maintain their independence, along with the comfort of knowing caregivers are always nearby should they need any assistance. From medication management, various care needs to social activities, we are here to help.

Specialized Memory Care Unit

Our Memory Care Unit offers a warm, friendly & secure community designed to prevent elopement and maintain an engaging environment for those with cognitive issues such as Alzheimer's & dementia. Our staff are specifically trained to meet the needs of residents with various cognitive challenges. Activities are designed to stimulate socialization, creativity, and fun for all.

Respite Care

Consider a respite/short-term stay if you or a loved one are recovering from an illness, worried about being alone during the winter months, hesitant to make a permanent move to a senior living community, or experiencing caregiver burnout. Enjoy an all-inclusive stay with 24/7 support while you recover, try out our community, or recharge while knowing your loved one is in a safe and secure environment.

**Respite stay is subject to availability and requires a minimum 30-day stay.*

Blaire House of Tewksbury has no long-term commitments. As a small Assisted Living program of 35 apartments — including 12 dementia apartments on a secure floor — no one “gets lost” in the crowd, allowing for more individual attention by our dedicated staff.

We are a CONTINUUM OF CARE CAMPUS, able to fulfill any future or changing needs at one location. Blaire House of Tewksbury Assisted Living has NO HIDDEN FEES.

Blaire House of Tewksbury

Skilled Nursing and Rehabilitation Center

Blaire House of Tewksbury is a state-of-the-art 131-bed, Medicare-certified skilled nursing and rehabilitation facility. As your trusted post-acute care provider, we customize a solution that meets your individual care needs, delivered around-the-clock by trained professionals. Whether you are in need of a short-term or long-term care stay, our facility is designed to promote nursing and rehabilitation in a high-quality and compassionate environment.

Rehabilitation Services

We understand that the sooner and more often someone receives rehabilitative care, the sooner they can gain back their strength, self-reliance, independence and dignity. At Blaire House, we are dedicated to providing the highest quality rehabilitation services to our residents, whether it's short-term rehab or long-term care. Using specialized equipment, top quality professionals, and the latest clinical interventions and treatments, we strive to promote independence and return our patients to their homes.

Our Therapy Team consists of:

- Physical & Occupational Therapists
- Speech-Language Pathologists

The Blaire House of Tewksbury interdisciplinary team approach (rehab, social services, nursing) provides our short-term residents with recommendations for the home setting and helps set up the best resources during discharge planning. The team also develops a functional plan for our long-term care residents to maximize their potential.

Dementia Special Care Unit

DSCUs provide specialized care to nursing home residents with dementia through a combination of additional and on-going dementia care training, expanded activities, and a safe and comfortable physical environment. DSCUs must be certified every year by the Massachusetts Department of Public Health.

Respite Care

Respite care allows caregivers a much-needed break from the physical and mental demands of being a caregiver. Our staff ensure that during the respite stay, your loved one receives quality care in a secure environment, providing you with comfort, relief, and time to recharge.

** Respite stay is subject to availability and requires a minimum stay.*

Hospice Care

Our on-site hospice team works closely with the Blaire House of Tewksbury staff to meet the specific end of life care needs of our residents and provide training and support for everyone involved.

Blaire House of Tewksbury Dialysis Program

THE BENEFITS OF AN IN-HOUSE DIALYSIS DEN IN A POST-ACUTE SETTING

As the population ages, in-house dialysis in post-acute settings meets growing renal care needs while enhancing residents' quality of life. Here are the key benefits.

1. Convenience and Accessibility

Having a dialysis den within the post-acute setting eliminates the need for travel, making treatment more accessible for residents with mobility challenges. It allows residents to receive care in a familiar setting, reducing stress and fatigue.

2. Integrated Care

An in-house dialysis facility promotes seamless coordination between dialysis staff and post-acute setting caregivers. This ensures residents receive personalized care through effective communication and collaboration.

3. Enhanced Comfort and Familiarity

Receiving dialysis in a familiar environment improves residents' comfort and reduces anxiety. The presence of trusted caregivers and peers fosters emotional well-being and better treatment adherence.

4. Increased Social Interaction

In-house dialysis sessions provide opportunities for residents to connect with peers undergoing similar treatments. This sense of community enhances social engagement and overall quality of life.

5. Improved Health Outcomes

Immediate access to care enables prompt management of complications, leading to better health outcomes. Regular monitoring helps address co-existing conditions effectively, improving overall care.

6. Reduced Emergency Room Visits

Close health monitoring reduces the likelihood of emergency room visits and hospital admissions. Issues can be addressed early, ensuring timely interventions for residents.

7. Enhanced Family Involvement

An in-house dialysis facility allows families to visit more often and offer support during treatments. This strengthens bonds and positively impacts residents' emotional health.

An in-house dialysis den enhances care for residents with renal needs, offering convenience, integrated care, and a supportive environment. These services are key to improving well-being in long-term settings.

*High-Quality, On-Site
Dialysis at Blaire House
